

# Periklis Charalampidis

## Junior Full stack Software Developer

### Profil

As a Junior Software Developer, I bring a foundational understanding of full-stack development, complemented by certification as a Fullstack Developer. Recognizing the vast expanse of knowledge yet to explore, I approach each opportunity with a genuine eagerness to learn and grow. My journey is fueled by a commitment to continuous improvement, coupled with a sincere passion for innovation. Eager to collaborate within dynamic development teams, I humbly embrace the challenges ahead, knowing they will further refine my skills and deepen my understanding of the tech industry.
